

In 2018 the Lord says, this shall be one of the most pleasant years for thee. It is a season and time of success. This is a year free of financial problems and a time to make adjustments to your work and come up with new ideas. You can also let go of projects that are not working for you.

And yea you shall experience **"a covering of angelic divine protection."** You'll have to deal with domestic matters and do not hesitate, saith God. God shall build the teacher in thee. Family matters will be important to you and now you can overcome past difficulties with ease.

The Lord says, do not let bills get out of hand. **It seems as if you will have to deal with things from the past or the early years of your life could come to the surface to be dealt with.** Do not let the enemy visit thee with moodiness and depression.

This is a good year for strengthening your relationship with close loved ones, siblings or children, and for taking care of your home. The Lord supports your commitment to your family. The enemy will try to attack family and relationships; so, you MUST get my **"Oil of Protection"** into your hands to ANOINT your love ones.

This is also a good year for healing wounds and making peace with your enemies. It's a year good for the arts as well as for serving others. It is a blossoming time, saith the Lord of Blessings.

2018 is a great year for buying or selling real estate, renovating and redecorating property, or moving to a new home. New career opportunities will also appeal to you, with offers of long-term work and increased financial security.

A year of responsibility, domestic affairs, and service. **Debts can be cleared.** Legal contracts are favoured and property settlements, loans, and insurance matters can work in your favor. Higher education may interest you; 2018 is a year to surround yourself with books and learning material, saith God.
