FOREWORD

Dreams are a tool that God can use to pass on important message to His People. God has used dreams to speak to people down throughout history and some of those prophetic dreams have been recorded in the Bible.

Don't Allow Satan to Hijack Your Dreams!

It's such a valuable mechanism that the devil loves to hijack it to use for his own nefarious purposes. He loves to steal all the great ideas God has created and try to take the credit for them. Therefore, before closing our eyes to enter dreamland where we can be very vulnerable spiritually, it's vitally important to pray and plead the Blood of Jesus Christ over our sleep. Ask God to surround you with His guardian angels as you sleep, whether it's in the daytime or at night.

Surrender

Sleep is like a little death. Your flesh is forced to be still and surrender. For the carnal mind, this feels like a defeat. Some of us night-owls know the conflict it causes when it's time to shut down our activities. Electric lights and computers defy the natural setting of the sun at the end of the day, keeping us busy until all hours. But, sleep is not a suggestion, it's an order.

God told us, *"Be still, and know that I am God: I will be exalted among the heathen, I will be exalted in the earth."* – Psalm 46:10

As the loving Father that He is, God wants us to be still so that He can communicate with us. Then, when we hear the amazing and wonderful things He has to say, we *know* He is God. But, most human beings find it very difficult to be still. Most of us wiggle. It's human nature. It's not part of our nature to become completely motionless or to stop continually processing multitudes of thoughts.

Our human brain likes to review, rethink, reason and figure things out logically. We are analytical creatures. These attributes make it difficult for us to spend time in total silence, waiting to hear from God. On the other hand, that's part of the reason why these moments are so golden and precious to the Lord. Moments of solitude spent with God are life- changing.

The Most Difficult Thing to Do is Nothing

It may be that the hardest position to exercise is the position of being still. Yet, this is what God has asked us to do. He wants us to come unto Him. He has so much to give us if only we were able to sit still long enough to receive it.

God has a way to get around this problem and speak to our spirit directly at a time when our brains don't get in the way. He knows that when we are asleep we don't resist Him. The brain is unwinding, our eyes are closed, no demands are being made on our time. During sleep, we can be fully yielded to God, both consciously and unconsciously. We're like a blank sheet of paper. So, God can freely write on us.

Good Health Requires Deep Sleep

God created this temporal body of ours with a sleep mode. We must sleep. It's not a choice, it's a requirement. That means we can't live without it. Sleep is an important part of good health. Those who are sleep deprived can develop illness as a result.

Insufficient sleep is one of the main causes of Alzheimer's disease and dementia. That's because when we sleep, the body disposes of amyloids that build up during waking hours. If we don't sleep, this plaque is left to build-up and over time, inhibit blood flow in the brain which results in memory loss and impaired cognition.

Not only is it important to sleep, it's vital that we dream. Some people may say that they never dream, but they probably wouldn't be sane unless they experienced dream sleep on a fairly regular basis. It's during REM (rapid eye movement) sleep that we dream. Coincidentally, this is also when the body disposes of plaque and waste.

What an amazing mystery the human body is. Science has merely discovered the tip of the iceberg when it comes to the depth of the mysteries of the human body.

The Importance of Deep Sleep

Studies of the brains of former Alzheimer's patients who have passed on have revealed more about the importance of sufficient deep sleep. Scientists have found that plaque build-up in the brain inhibits proper blood flow. This lack of circulation negatively impacts the connections in the brain, memory, concentration, and communication. Without sufficient deep sleep, REM sleep, the body is not able to maintain mental health.

Deep sleep and time spent in dreaming mode are vital for healthy brain function. Without enough dreaming, we can lose our memory, our connection with loved ones, our normal lifestyle, and everything we hold dear.

Important Dreams

Some dreams are more important than others. Some dreams are important warnings. Some are prophetic. Jacob had a famous prophetic dream. You may have heard of "Jacob's Ladder".

Genesis 28:12, *"And he dreamed, and behold a ladder set up on the earth, and the top of it reached to heaven: and behold the angels of God ascending and descending on it."*

REM (Rapid Eye Movement) Sleep

Perhaps REM sleep is the body's mode to enable our spirit to get to the secret place that David talks about in Psalm 91:1, *"He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty."*

We can use our sleep as a channel for God's Spirit. We can hallow our sleep for God's glory to allow Him to communicate with our Spirit in a spiritual language that our mind may not fully comprehend, but our spirit does.

How to Know if a Dream is of God

How can we tell when we've had a godly dream? Well, it's easy. God's authority will come through in a dream that He's giving you and you won't forget it. A godly dream is usually simple, easy to understand and easy to remember.

A dream from God will usually stick with you throughout the day and possibly longer. You'll remember the feeling, the colors, and the main message very sharply. And the dreams God gives are encouraging, uplifting, positive and faith-building. They can also be convicting (encouraging you to try harder) or they can warn you but never in a hopeless, discouraging way.

The Gift of Dreaming

Pray for the Gift of Dreaming in the same way that you would pray for the gift of prophesy. Joel prophesied that in the latter days, God's Spirit would be poured out on all flesh.

Joel 2:28, *"And it shall come to pass afterward, that I will pour out my spirit upon all flesh; and your sons and your daughters shall prophesy, your old men shall dream dreams, your young men shall see visions:"*

In the same way that we ask God for the gift of prophecy, we can ask Him to

pour out His Spirit on our dreamscape. There's a connection in the brain between our waking memory and the dream state. We can pray that that connection grows stronger so that we can remember the details of our God-given dreams.

Tips To Help You Remember Your Dream

When you wake up from a godly dream, try to take time to get back into the position you were lying in when the dream took place. Close your eyes, shift your brain into neutral and pray for God to bring back the significant part of that dream. As you begin to remember and pick up threads of the dream, continue to pray for it to come back to you. Write it down. Try to write down every important detail. Then, pray for an accurate interpretation. (If you can't get a satisfactory interpretation yourself, you may want to ask your pastor if there's someone in your church who has the gift of interpretation of dreams.)

Be Careful Who You Tell Your Dream to

Ask God who to share the dream with or whether it's just for you personally. (Sometimes sharing a dream with someone can upset them or scare them. Dreams are powerful spiritual tools that should be applied with wisdom.) When Joseph shared his dream with his brothers, they hated him.

Genesis 37:8, *"And his brethren said to him, Shalt thou indeed reign over us? or shalt thou indeed have dominion over us? And they hated him yet the more for his dreams, and for his words."*

Genesis 37:20, *"Come now therefore, and let us slay him, and cast him into some pit, and we will say, Some evil beast hath devoured him:and we shall see what will become of his dreams."*

The Gift of Interpretation

As we know, Joseph had the gift of interpretation of dreams. Joseph also was accustomed to receiving dreams from God. So, it wasn't far of a stretch

for him to be able to interpret dreams that other people received from God.

In Joseph's case, God used his dreamscape to prophesy his future. However, relating the dream to the wrong people brought about Daniel's captivity. Although it was Joseph's dreams that got him into a whole mess of troubles, it was also his dreams that got him out.

Ironically, it was his interpretation of two dreams that eventually brought about his release whereupon his interpretation of Pharaoh's dream landed him in the second most powerful position of all of Egypt.

The gift of interpreting dreams is valuable. It was this gift that took Joseph out of prison to a position of a powerful statesman of Egypt, right next to the pharaoh himself. The interpretation of that one dream (a very significant prophetic dream) led to providing a place for the nation of Israel to survive and thrive during a time of famine.

Treasure Your Dreams

How far will your dreams take you? Will you be open to whatever position God wants to put you in? Our dreams are like keys that can open unimaginable doors of possibility.

Maybe someday you'll wake up and, like Joseph, find yourself in a position of high authority and wonder how in the world you got there. If it happens to you, just remember to keep your eyes on Jesus and follow him every step of the way. He may want to use you to save multitudes of His people.

The First Recorded Dream in the Bible

Although we think of the dream of Jacob's ladder as being the first prominent description of a dream in the book of Genesis, someone else had a dream that was recorded in Genesis before Jacob's.

The dream was regarding Abraham's wife, Sarah. God came to a gentile in a dream to warn him. In fact, He threatened to kill him if he touched Sarah.

Genesis 20:3, *"But God came to Abimelech in a dream by night, and said to*

him, Behold, thou art but a dead man, for the woman which thou hast taken; for she is a man's wife."

Abimelech took the warning very seriously and reasoned with God.

Genesis 20:4 – 6, *"But Abimelech had not come near her; and he said, Lord, wilt thou slay also a righteous nation?"*

⁵Said he not unto me, she is my sister? And she, even she herself said, He is my brother: in the integrity of my heart and innocency of my hands have I done this.

⁶And God said unto him in a dream, Yea, I know that thou didst this in the integrity of thy heart; for I also withheld thee from sinning against me: therefore suffered I thee not to touch her."

God agreed with Abimelech that he was innocent and told him that He had helped to prevent him from getting into trouble. What a relief.

Scriptures on False Dreams

Deuteronomy 13:5

And that prophet, or that dreamer of dreams, shall be put to death; because he hath spoken to turn you away from the Lord your God, which brought you out of the land of Egypt, and redeemed you out of the house of bondage, to thrust thee out of the way which the Lord thy God commanded thee to walk in. So shalt thou put the evil away from the midst of thee.

Ecclesiastes 5:7

For in the multitude of dreams and many words there are also divers vanities: but fear thou God.

Jeremiah 23:32

Behold, I am against them that prophesy false dreams, saith the Lord, and do

tell them, and cause my people to err by their lies, and by their lightness; yet I sent them not, nor commanded them: therefore they shall not profit this people at all, saith the Lord.

Jeremiah 29:8

For thus saith the Lord of hosts, the God of Israel; Let not your prophets and your diviners, that be in the midst of you, deceive you, neither hearken to your dreams which ye cause to be dreamed.

Zechariah 10:2

For the idols have spoken vanity, and the diviners have seen a lie, and have told false dreams; they comfort in vain: therefore they went their way as a flock, they were troubled, because there was no shepherd.

BAD DREAMS / EVIL DREAMS: WHAT THEY MEAN AND HOW TO STAND AGAINST THEM

You may ask “I have had these types of dreams for years without doing anything about them. Can I still take action now to affect a change and stop these dreams from recurring?” The answer is YES, you can! There’s great news for you. There is a glorious opportunity in the spiritual world which you need to know about. If you have a tape player, you will know of two important functions:

– rewind and fast forward.

HERE’S THE BIG SECRET:

You can rewind your dream experiences back to your childhood days through prayer. That means you can counter the effect of all the bad dreams you had for the past ten, twenty, forty years, etc.... Here’s how you pray:

Father, in the Name of Jesus, I reverse the effect of the negative dreams I had ten years ago. Any negative effect should be completely cancelled by the blood of Jesus. In Jesus’ Name, Amen.

If you wake up from a bad dream, follow the steps below:

1. Do not FEAR!
2. Ask the Holy Spirit to help replay the dream in sharp focus so you’ll know how to respond.
3. Launch a counter-offensive by first cancelling the dream, summoning the evil actors and dealing with them.
4. Recover what they stole from you in the Name of Jesus.
5. Release all the big spiritual missiles against them in the Fire of God.
6. Soak yourself and your loved ones in the blood of Jesus and pronounce the blessings of the Lord abundantly upon yourself.

7. Be prepared to do this repeatedly, if need be, for many days and nights. In other words, be ready for a sustained and persistent campaign.

As soon as you wake up from a bad dream, you should cancel it. Say a simple prayer like this:

“I cancel that negative dream I just had about (*Fill in the blank*) in the Name of Jesus. I decree that it shall NOT manifest in the physical in Jesus Name. I release the fire of God on every satanic actor in that dream. I plead the blood of Jesus and I hold up the banner of victory in Christ Jesus. Let the angels of the Lord go on a “search and destroy” mission in the land of the living and the dead to destroy every power, spirit, personality, device or animal programmed to attack me in the dream. Henceforth, let nothing trouble me in the dream for I bear on my body the marks of the Lord Jesus Christ. Amen”

INTERPRETATIONS

Car brakes don't work

Means the enemy is trying to take control of a certain area in your life. Your destiny is under attack. You have to resist this using the Word of God and prayer. You should cancel the dream as soon as you wake up and pray that the heavenly mechanics would repair the brakes of your vehicle and ask the Holy Spirit to take charge in Jesus' name.

Person who passed away takes something from you

Means there is a spiritual link that you need to break. The enemy is using that link as a conduit to siphon your virtues and blessings. If the person is a relative, it means you have ancestral evil linkages to deal with. You can pray

“I recover my virtues from the land of the dead, and I cut every ancestral evil linkage with the sword of the Lord in the name of Jesus.”

Being arrested

Means you have fallen into the trap of the spirits which engineer bondage and captivity. You need to rise up with holy anger and pray like this: “I release myself from every satanic cage or prison in the Name of Jesus. I bind the arresters in the dream and I release the hornets of the Lord against them. O Lord, dispatch your angels of war to hunt down my captors and take my captivity captive in the Name of Jesus.

Wandering around in a bush

Means the spirit of confusion is at work in your life. You will not be able to focus on anything and do it well. Confusion will be the order of the day. You need to bind the spirit of confusion. Ask the Lord to send his angelic dispatch riders to take you out of the maze of confusion.

Bulls or cows chasing you

Means that witchcraft spirits are after you. Ungodly dream interpreters will tell you cows signify good time coming. That’s a big lie. If you find cows coming after you in the dream, you better wake up and pray. Bind every spirit of witchcraft and release the fire of the Lord to burn them to ashes in Jesus’ Name. And learn to be sensitive to what’s going on in your environment.

Scorpion attacking you

Means that you are up against very wicked and aggressive enemies. They will stop at nothing to destroy. Rise up and declare war against visible and invisible enemies. Pray like this. “Thunder of God, scatter every satanic army assigned against my life in the Name of Jesus.”

Lost your clothes and not able to find them

Before you woke up means spiritual robbers are working against you, and the end result is shame and demotion, unless you take action now. When you wake up, send the angels of God on assignment to recover what you've lost. Ask the Holy Spirit to arrest those responsible. Ask for the garment of honor and glory from the Lord.

Walking around barefoot

Means shame, demotion and hardship. Pray and destroy the powers assigned to monitor your life and report back to your enemies. Bind the spirits of shame and poverty. Release the fire of God against them. Cover yourself with the blood of Jesus.

Flood carrying your things away

Means that evil consultants have been engaged to fight you. By evil consultants I mean psychics, mediums, fortune tellers, sorcerers, enchanters, magicians, etc... Their specific assignment is to destroy or transfer your virtues and replace them with trouble, tribulation and hardship. You will do well to learn how to battle against these things through violent prayer. A great prayer point is "O altar of perpetual destruction set up against me, be destroyed by the earthquake of the Almighty in the Name of Jesus." You can also pray that the Lord should turn every evil counsel against you to foolishness.

Seeing yourself flying

Means you have been initiated into witchcraft, whether you know it or not, whether you've agreed to it or not. Some people inherit this wicked spirit from their parents and have no idea that they are blind witches. The solution is to look for an anointed Christian ministry that understands how to set people free from this type of thing. Five minute prayers will not be enough to do a thorough job here. As Jesus said, "this kind goeth not but by prayer and fasting." It is a stubborn spirit.

Being arraigned before a judge

Means someone is placing curses on you. Here's where you need to know your scripture. The Bible says, "No one can curse whom the Lord has blessed." And "a curse causeless shall not come." Armed with these scriptures you pray "I cancel and nullify every curse placed upon me in the Name of Jesus . I arrest every spirit assigned to enforce curses upon my life in the Name of Jesus. I destroy their assignment by the power in the blood of Jesus. I declare that I am the blessed of the Lord. No one can curse whom the Lord has blessed." This is powerful stuff and it works. It is scriptural!

Being driven to an unknown destination

Means some other power outside the Holy Spirit is in control of your life, or an area of your life, for evil. Pray for the Holy Spirit to unseat the evil driver. Ask the Lord to forgive you where you have rebelled against Him, and opened the door for the enemy.

Surrounded by bees

Means you are under attack by strong, highly organized enemies that will stop at nothing to destroy you. Release the fire of God to burn them to ashes, through aggressive and persistent prayer. That means pray against them every night until you see a sign of their defeat.

Doors closing before you enter

Means the spirit of Pisgah is after you. This is the spirit of "almost there." It makes people fail at the edge of their breakthroughs or miracles. It is a vagabond spirit. It led the children of Israel wandering in the desert for 40 straight years. You need all the spiritual ammunition you can gather against this one. More on this one later.

Seeing birds following you

Means you are being monitored. Especially if it is a black bird. You are being

observed and monitored for evil. You pray “Every evil observer, be roasted by the fire of God, in Jesus Name”. If you are not familiar with what it means to be roasted, you need to take a reading tour of Jeremiah. He used to pray certain enemies should be roasted. Meaning the fire of God should burn them to ashes. Remember, the Bible says that God is a consuming fire. See where that came from.

Falling into a pit

Means you are on a journey to spiritual slavery and captivity. Though you might be walking around in the physical free, if you see yourself in a pit in the dream, you have already been sold into slavery. And those responsible are those who are close to you.

Maybe members of your family, either living or dead, or workplace enemies posing as friends. Even church members. Remember Joseph in the bible. Remember the prophet Jeremiah. In both cases, it was envy and jealousy at work. They were both cast into the pit. You pray: “O Lord, send your angelic hosts to rescue me from the pit in Jesus name”. Then you begin to declare like David in Psalm 40:2. “He brought me up also out of a horrible pit, out of the miry clay, and set my feet upon a rock and established my goings.”

Attending a meeting with unknown people

Means you have spiritual linkages with occult and demonic groups. This kind of thing attracts the wrath of God very easily. Why? Any gathering that is not unto the Lord is a candidate for the destructive whirlwind of the Lord. You better not be around when it strikes. Pray and sever your link with unknown or known evil groups, and release the fire of God to scatter them unto desolation. For good measure, add this: “I forbid any regrouping or re-gathering of this group in the Name of Jesus”.

Going back to the old house

You lived in as a child means the spirits of powers of retardation operating in

your family line is trying to cut short your progress and place a spiritual ceiling on your life. If you don't stand against this through prayer and fasting, you might soon find yourself making negative or backward progress, being passed over for promotion at work, losing favor with friends and family, making silly mistakes that annoy your boss at work and can get you fired etc.... You pray: "Every altar of backwardness in my father's house, collapse in the Name of Jesus." Then you quickly followup with this one: "Let the habitation of humiliation and demotion be battered, shattered and swallowed up by the power of God, in Jesus' Name".

Climbing a hill with difficulty

Means serious obstacles have been placed on your path of progress. If you climbed the wall and when you stretch out your hand to get a good grip, it comes off; it means your faith is weak. You need to increase and store up your faith by studying the Word of God and prayers. Then you can declare this: "O Lord, let my trials become gateways to my promotions in the Name of Jesus".

Teeth falling out

Means there's trouble ahead. One that could take its toll on your life and that of your loved ones over a period of time, unless arrested. You can pray like this: "Every power exploring devastating strategies against my destiny, receive the judgement of God in Jesus Name".

Lights going out

Means a time of tribulation is just around the corner. This is advance warning. Gird up your spiritual loins and begin to pray like this: "O God arise, and attack my attackers in the Name of Jesus. Let my problems expire, as darkness expires before the light in the Mighty Name of Jesus".

Picking up coins

Means you are under attack by the spirits of poverty. Please note that this is a stubborn generational spirit that is usually transferred from person to person, from one generation to another. You pray like this: "I bind the spirits of lack and poverty. I break the backbone of lack and scarcity in my life in the Name of Jesus. Let the chapter of lack and want be closed forever in Jesus' mighty Name".

Playing on a losing team

Means the Lord just released a significant breakthrough to you but before it could manifest in the physical, the enemy launched a strong counter-attack and stopped it from getting to you.

Conversely, if you played on the winning team and your side scored or earned points, the miracle is sure to manifest within a few weeks, if you're prayerful and watchful.

Strong winds blowing against you

Means the spirits of sudden destruction have been unleashed against you. You have to stand your ground here, command every satanic wind to cease in the Name of Jesus. Then you go on the offensive and unleash the whirlwind of the Lord described in Jeremiah 30:23.

Wild animals charging at you

Represent raging and violent enemies. You begin to see problems coming at you from all directions to overwhelm you and make you lose your sense of balance. To devastate you and keep going from one problem to another, in an endless loop. You have to pray like this: "By the power of God, let every trouble in my life crumble, in the Name of Jesus. Thou power of God, usher me out of the valley of tribulation by fire in the Name of Jesus. Every power or spirit raging against me, collide with the Rock of Ages in the Name of

Jesus". When you learn to pray like this, don't be surprised when calamity suddenly overtakes people who have been conspiring against you secretly. Even though you are NOT praying against human beings.

Seeing yourself being buried

Means the spirit of death and hell is after you. Use the scripture in Revelation 12:11 then begin to pray like this: "The anger of God shall write the obituary of all my oppressors in the Name of Jesus". Again this is a midnight prayer.

Shedding tears

Means the spirit of depression and heaviness wants to afflict you to make you sad and depressed. To make you mourn. The scripture to use against this spirit is in Isaiah 61:3. Then you begin to pray: "I refuse to mourn in the Name of Jesus. The Lord shall give me joy and gladness and all sorrow shall flee away in Jesus Name. Amen".

Stagnant or dirty water

Seeing stagnant water means your spiritual life is being polluted. Ask for the cleansing power of the blood of Jesus to wash you and remove every contamination from your life.

Loss of hair or cutting of hair

Losing your hair in the dream means a loss of glory and honor. If somebody cuts your hair in the dream, the enemy is sucking away your spiritual strength. And if you fail to take immediate action in the spirit, it will soon lead to other losses, disgrace and slavery. Remember Samson and how he was captured by his enemies. It began with the loss of his hair.

Begging

If you see yourself as a beggar or begging, the curse of poverty is on your life. You need to break that curse, destroy both the roots and the fruits in your life, and return arrows of poverty back to wherever they came from. Then use scripture in Psalm 84:11 to ask for a release of good things and abundance into your life.

Travelling on an endless journey

If you see yourself travelling on a journey that never ends, it means the spirit of vagabond is on you. It's a hard road to travel, with dangers lurking on every side. You need to terminate that evil journey and command the fire of God upon all vagabond spirits assigned against you. You can read about how the spirit of vagabond worked in the life of Cain in the Bible.

Being driven by an unknown person

Means you have surrendered control of your life to evil manipulators, who will end up diverting your destiny. Pray like this: "I unseat every evil driver in the driver's seat of my life. Let the ground open up and swallow them in the Name of Jesus. Holy Spirit, I hand over control of every area of my life to you". See? This kind of prayer brings tangible results, almost immediately. Prove it for yourself..... Don't just take our word for it.

Doors closing before you enter (continuation)

Or something finishing before it gets to your turn to receive your own, means that the spirit of "failure at the edge of miracles" is working in your life. Stopping good things from coming to you and ushering in frustration, rejection and failure. The biblical name for this spirit is "spirit of Pisgah" as I've described above.

Poverty

To dream you are poor means an area of your life (not necessarily finances) has been traded out, exchanged or transferred to another. You have to recover it from the hand of evil traders and cover it with the blood of Jesus. Recommendation – 7 day prayer of recovery with fasting.

Always sitting for examinations

And not able to complete before waking up indicates obstacles on your way of progress. A spirit of failure and stagnancy at work.

Dream of death

You should rise up and begin to cancel every ordinance of death and hell against your life and your loved ones. At times the death might just be targeted at certain areas of your life, e.g. Marriage, finances or even certain organs of the body. In any case, spiritual violence is required.....in order to terminate the assignment of death against you.

Consulting psychics or mediums

Means that evil counselors are at work against you to divert your destiny, lead you astray and push you away from the will of God. You must also be careful of agents of the devil posing as Christians.... on assignment to lead you astray.

Cancer

Cancer in the dream is a clear indication that there is satanic plantations that need to be uprooted from your body. And there are many ways to do it. You can pray, machine-gun style, like this: "Satanic plantations in my body, be uprooted and be cast into the fire of God's judgement, in the Name of Jesus". 1 Cor 3:16-17 is an example of the kind of scripture to deploy when dealing with this dream.

Carrying a basket on your head

Carrying a basket on your head signifies the spirit of profitless hard work. That is you work like an elephant but eat like an ant. Like pouring water into a basket.....hard work, very little result.

Bats flying around

Means spiritual blindness. You are not able to see things in the spirit. Therefore you are a good candidate for deception, whether in spiritual matters or in relationships. What to do? Pray that the lord should enlighten your eyes of understanding, according to Ephesians 1:17-18. Please note what I'm saying here: If this is the only prayer you pray successfully this year, you will reap the harvest forever, I mean it. The moment the Lord opens your spiritual eyes, so many of your challenges will become a thing of the past.

Seeing animals in your dream

To see animals in your dream generally gives you a clue to the spiritual challenges coming against you. My advice is you look closely at the characteristics of such animals in the physical and you'll have a pretty good idea what's going on in the spirit. For instance, serpents mean that you are under attack by wickedly intelligent spirits, highly poisonous with an agenda to steal, kill and destroy. Dogs represent sexual demons and if they bite you in the dream, they will introduce the demons of lust and sexual perversion into your life. Have you ever heard some Christians who fall into fornication at the drop of a hat, saying they don't know what got into them? They are under the power of the dog.

Dreams of being abandoned

Means rejection. The spirit of rejection has driven many into extreme ungodliness, some in a quest for revenge, while others will do anything to gain acceptance or approval. It was this spirit of rejection that drove Cain to murder his brother Abel in the Bible. The root and consequences of rejection

go very deep and you should not joke with it. You have to bind the activities of this spirit and use the blood of Jesus to erase every mark of rejection from your life.

Dreams having to do with abortion

Means your virtues (God-given endowments) are being withdrawn from your life. As a result of an evil cry against you in the spirit.

Dreams of contact with dead parents

Means you have ancestral covenants working against you. You have to break such covenants and release yourself from bondage in the authority and Name of Jesus. If you allow these covenants to remain in place, you could find yourself developing the kind of sicknesses they had, facing their frustrations, and generally living under the supervision of family spirits that determine just how far you go in life!

Dreams of being attacked by armed persons

Means a conspiracy is being hatched against your life and interests. You can abort the evil conspiracy by sending the fire of God against them. A particularly effective spiritual chapter is the “noise of great host” as described in the book of 2 Kings 7.

Dreams of bleeding

Dreams of bleeding means the loss of virtues, which could translate into physical losses such as the loss of a job, loved ones, finances or even good health.

Dreams of seeing cobwebs

Dreams of seeing cobwebs means hindrances designed to prevent you from fulfilling your purpose in life. You need to pray like this: “Satanic cobwebs, be roasted by fire in the Name of Jesus”.

Dreams of putting on earrings

Means you have been sold into slavery. Earrings are a sign of slavery in the spirit realm. You need to reject it aggressively!

Dreams of wearing wigs

Means false or counterfeit glory. Stop and examine everything you are currently engaged in. Anything that does not bring glory to God should be eliminated immediately. Reject every spirit of false glory and pray for your divine original to come forth.

Dreams of being handcuffed

Means spiritual captivity, and it could translate into the physical where you find yourself in a situation that is extremely difficult to extricate yourself from.

Dreams of being at a funeral

Whether it is your funeral or someone else's means the spirit of death is pursuing you. You have to stand against this one with all the weapons of warfare that you know. Release the fire of God on the funeral service, disband and scatter them. Decree that you shall not die but live to declare the works of the Lord, as written Psalm 118:17.

Dreams of appearing before great mountains

Means great difficulties are ahead.....such difficulties that can melt your heart and courage and make you want to throw in the towel and quit. If you decide to deal with this, you can cut it short before it has a chance to manifest.

Dreams of climbing with difficulty

Same as appearing before great mountains.

Dreams of being accused in court

Means you are being cursed. Cancel, reject and revoke the curse in the Name of Jesus, and replace it with the blessings in God in Deut 28 from verse one to fourteen.

Dreams of seeing padlocks

Means your destiny has been locked up. It will manifest as lack of progress, living a life of struggles and hard bondage.....until you learn the type of prayers that break satanic padlocks like this: "Every satanic padlock working against my destiny, break, break, break, in the mighty Name of Jesus. I use the key of David to open all locked doors in the Name of Jesus".

Dreams of wearing tattered clothes

Means poverty, shame and disgrace has been programmed into the life of that person in the spirit. Pray the same as seeing padlocks.

Dreams of eating

Means that your spirit man is very dull and weak, and is not strong enough to withstand satanic activities against you. In fact, they could even feed you with human flesh and blood in the dream this way, and by the time you wake up, you find yourself physically ill. This is a popular method of planting sickness and incurable diseases in the lives of people. Jesus said: "While men slept, the enemy came and sowed tares". The tares include spiritual poison in the dream through food. You will need to vomit the evil consumption.....and then lash out with holy anger against evil caterers like this: "You evil caterers feeding me in the name, I command you to eat your own flesh and drink your own blood in the Name of Jesus". This is an advanced warfare prayer that has its basis in scripture, in case you are wondering. In the book of Isaiah 49:25-26. You now see how certain scriptures that are not taught a lot in most places could hold the key to your victory and deliverance from bad dreams, among other things.

Dreams of cooking for hours on end

Means that you are engaged in unprofitable or fruitless hard work. Terminate the evil assignment by the blood of Jesus, and ask the Holy Spirit to redirect your handiwork.

Dreams of vehicle breaking down while travelling

Means hindrances and blockages targeted against your wheels of progress. Ask the heavenly mechanics to repair your vehicle and remove every hindrance on your way of progress.

Dreams of entering vehicles or aircraft

And not knowing the destination means the spirit of vagabond. The wondering spirit is at work again. There's an old saying that a "rolling stone gathers no moss". Recent stats say that every year about 60% of people in big cities move from place to place seeking greener pastures. So you end up living in a world of strangers where you barely know your neighbors next door. It is the work of this spirit and you can pray like this: "You vagabond spirits, my life is not your candidate, loose your hold upon my destiny in the Name of Jesus".

Dreams of darkness of any form

Signify the presence of evil powers. They cast a spiritual blanket in an environment and if you are operating there, it will seem like your heaven has become brass. You simply command the evil blanket to be roasted in Jesus Name.

Dreams of being shot

Means you have satanic hunters firing arrows into your life. Sooner or later it will manifest in the physical unless you know how to deal with it.

Dreams of being naked

Means the enemy wants to disgrace you, period! The scripture to apply here is Isaiah 61:7.

Dreams of seeing yourself in chains

Signify slavery either in a particular area of your life, or a total way. Pray: “I break every satanic chain in my life in the mighty Name of Jesus. I release the fire of God against my oppressors in Jesus Name”.

Dreams of having your things stolen

Means significant loss of your goods or property. Here’s what you do: Blow the trumpet in the spirit to summon the spirits in charge of this operation. Command them to return what they stole seven fold in the Name of Jesus. After that, release the fire of God to consume them. Cover yourself and your possessions with the blood of Jesus.

Dreams of having your wedding dress stolen

Is advanced warning that the spirits of marriage destruction are working against you. You need to rise up aggressively and cancel their assignment. Then go on the offensive by summoning them together and releasing the judgement of the Lord against them.

The Bible says, “What God has joined together, let not man put asunder”. So far as you were married according to biblical principles, you can stand on this scripture to release all kinds of weapons from God’s armory against them.

Dreams of having your Bible stolen

Means someone is trying to take away your spirituality and cause your love for Jesus to run cold. It could even lead to backsliding and ultimately, destruction.

Dreams of getting confused

Means arrows of confusion have been fired against you. Return the arrows like this: “Every arrow of confusion, go back to your senders in the Name of Jesus”.

Dreams of having your clothes torn

Means judgement has been passed against you in the spirit realm. This is a very serious matter. You need to address it, cancelling it and nullifying it with the power in the blood of Jesus. (only if you are truly saved)

Dreams of being cursed

Means a satanic embargo has been placed on your progress in life. Unless you break the curse and cancel its evil consequences, you might just find life suddenly becoming a HUGE burden, friends turning to enemies, those who should help refusing to help. Misfortune dogging your every step.

Dreams of having sex

Means you have a spirit spouse who will do everything in its power to destroy your earthly marriage, just to keep you for themselves. They sometimes cause business failure, get anyone who comes close fired from work, and even arrange fatal accidents to eliminate all competition. People who have sex in the dream are “loaded” with all kinds of spiritual materials like serpents circulating in their body without their knowledge, unexplainable health problems, and routine failure and frustration. They find it really difficult to have conception and give birth. Many of them end up being barren..... and running from place to place for solutions. If they manage to get married, they find that the finances of the family disappear suddenly and mysteriously.

Dreams of being amputated

Means significant and permanent loss, resulting in deep feelings of

frustration, powerlessness and helplessness.

Dreams of going back to childhood days

Means retardation, backward progress and stagnancy ...

Dreams of nursing or breastfeeding a strange baby

Means your virtues are being spiritually withdrawn. You need to release the fire of God to burn the strange baby to ashes. Then you withdraw your virtues from the evil storehouse.

Dreams of losing your shoes

Is a sign of marital failure looming on the horizon. Better cancel it quickly and go on the offensive to recover your marriage from the hands of evil spiritual consultants.

Dreams of losing your key

Signify a loss of spiritual authority and power. As soon as this happens, the enemy will sharpen his arrows and begin to fire them into your finances, marriage, ministry, health etc.. Ask the Lord to send his ministering angels to recover your key and to scatter every evil gathering against your life.

Dreams of dogs attacking you

Means sexual demons have been programmed into your life. You'll have to pray hard not to fall into sexual sins.

Dreams of cats attacking you

Means you are laboring under witchcraft attacks.

Dreams of serpents

Means you are under attack by wickedly intelligent enemies on a mission to steal, to kill and to destroy.

Dreams of crocodile

Means you have strong links with terrible spirits living in the water kingdom. It's either you have been initiated into their evil group or you have been donated to them as their meat, a helpless victim.

These are proud and ruthless spirits that never release their victims unless confronted by superior firepower. By that I mean combined offensive using the Name of Jesus, blood of Jesus, fire, lightning and thunder of God, etc.. This is a hot theatre of battle reserved for veteran prayer eagles. If you find yourself confronted by this thing in the dream, my advice is to seek help urgently!

Dreams of drinking alcohol

Signify the introduction of confusion into the life of a person.

Dreams of being exhausted always

Signify spiritual sluggishness. What is known as the “snail anointing”. It makes people miss their divine opportunities, and leaves them operating in the tail region, instead of the head. This one calls for prayer and fasting, to help you renew your strength.

If you find yourself vomiting in the dream

Could signify an ejection of evil spiritual materials from your body.

Dream of rotten fruit or eggs

If you find yourself with rotten fruit or eggs in the dream you need to rise up and pray against devourers, emptiers and wasters on assignment to destroy

the works of your hands.

If you find yourself in the midst of people wearing uniforms

Especially black regalia, it's probably that you come from a long line of occult people and your entire bloodline has been covenanted to deities you know nothing about. In the spirit realm, ignorance is no excuse. Whether you know it or not, this is still legally binding on you and generations yet unborn.....unless you rise up now and cut off the evil flow by the power in the blood of Jesus. Please don't make the mistake of thinking that once you got "born again" these things will not affect you anymore. You need to determinedly use the Word of God and pray persistently until you have a knowing that every thread of that evil covenant has been cut off. That is when you will begin to enjoy your Christian life.

Slow moving animals in the dream

If you constantly see slow moving animals in the dream, it means you are operating with the tortoise and snail anointing. Sluggish progress or none at all operating at the tail position instead of the head, and having the painful experience of watching others share testimonies while good things never seem to happen in your life.

Seeing a multitude of flies

Seeing a multitude of flies in the dream mean the witchcraft devourers have been programmed against your source of income and sustenance. Stand against them in the Name of the Lord and release the fire of God to burn them to ashes.

REMEMBER YOUR DREAMS

Do you know why you're forgetting your dreams?

Are you frequently forgetting your dreams? In fact sometimes when you awake you know you had a lengthy dream but find it impossible to recall. What about during the course of the day certain things will trigger parts of the dream but still you find it almost impossible to put the entire dream together?

Make no mistake such occurrences are never by chance or accident. These are demonically engineered acts by evil spirits to prevent the dreamer from challenging any evil covenants that would have been covertly established in the dream.

Let's say for example you had a dream where you were eating in a dream. Well, in such a case the dream is not a good dream, in fact, whatever it was that you ate in the dream, that seemingly appeared to be food was in fact satanic deposits being deposited into your spirit via witchcraft which will result in unexplained physical sickness, leaving medical practitioners lost as to what is going on with the victim. Unknowing to the Medical Doctors that the source of the victims sickness is spiritual. More importantly if the dreamer does not recall their dream, specifically in the above example, then the eating in the dream has forged an evil covenant to permit what was established in the spirit realm to manifest in the natural realm, again, the dreamer is completely ignorant of this if he or she can't recall their dream.

Therefore, the dreamer is ultimately forced through demonic means to forget such dreams so that the dreamer would not challenge the dream upon waking via cancelling and rebuking the dream.

Folks that are heavily engaged in spiritual warfare and those that enter into frequent fasts, will be challenged with such forgetting of their dreams all in an effort by the Enemy in attempting to gain an upper hand in spiritual warfare.

Folks that are involved with witchcraft, will usually use this tactic, especially against Christians to hinder the Christians' spiritual awareness of what the Enemy is concocting.

Christians and all folks alike must understand the importance of their dreams simply because their dreams are their spiritual monitors revealing to them what's pending in the realm of the spirit either against them or for them. I would advise that you either pray to remember your dream or if you don't recall the dream always cover your bases by praying the following prayer:

"Father, If my dream that I cannot recall was of you and your purpose for my life then I come in complete agreement with your plans for my life. However, if what I dreamt is not of you and I was deceived by the Enemy to agree with evil covenants against my destiny, then I cancel, rebuke and reject such covenants and command them to be destroyed by your fire in the name of your son Jesus Christ!

I have also discovered that folks that are on the brink of a break through, financial recovery, restoration or just being blessed will usually be plagued with the difficulty of not being able to recall their dreams of course for obvious reasons.

As a reminder the spirit world must secure the permission or agreement of the dreamer through covenants in order to manifest its will in the dreamer's life. Unfortunately, it is due to this lack of spiritual knowledge that many are living a life of "almost making it" meaning your life will be saturated with seeing the finish line but never arriving at it.

COMMON WARFARE DREAMS

Matt 13:24-25 “Another parable put he forth unto them, saying, The kingdom of heaven is likened unto a man which sowed good seed in his field: But while men slept, his enemy came and sowed tares among the wheat, and went his way.”

According to this passage, the enemy waited till the men who were supposed to be watching the field were asleep before the enemy sowed tares in his field. The time most people are asleep is at night.

Many times evil is done to many people's lives at night time, especially between the hours of 12 midnight and 3 am. While the evil work is being done, you are likely to have a “bad” dream that wakes you up badly shaken.

Unfortunately, because many people are ignorant of spiritual warfare, they thank God it was just a dream and go back to sleep. What they don't know is that it wasn't just a dream. It was a revelation of what is going on against their life.

The best action a dreamer can take is to spend some time in prayer to use the revelations to destroy the “tares” sown in his field. If action is not taken, the enemy can have his way as long as he chooses.

Before I go on, I want to make a few important points

1. When you have a negative or warfare dream, it signifies either what has taken place, what is taking place or what your enemies are planning against your life. All of these cases require that you pray against what was revealed to you in your dream.
2. Just because you have a negative dream about someone doesn't mean the negative thing you saw has to happen. For example, if you dreamt that somebody died. It doesn't mean they have to die. God is just alerting you to the plans of the enemy so you can stand in the gap for the

person you saw in the dream.

If you will pray against the plan of the enemy, the person will not die. Many ignorant Christians have become messengers of doom. Instead of praying to avert evil, they turned themselves into messengers of evil messages. Many times, God allows you to see the evil coming against someone so that you can pray and fast if need be to stop the evil from happening in the life of the person.

3. Not having dreams at all or always forgetting your dreams is an attack against you. If the means God uses many times to tip you of the enemy's plan is blocked, how will you know what is going on against you so you can pray against it? If that is your problem, please pray against the demonic attacks working against your dream life.

There was a period in my life when I was under intensive warfare. While there wasn't any visible manifestation in the physical in my life at that time, there was serious warfare going on against me in the spiritual realm. Eight different times I dreamt about being shot at or someone throwing a big rock at me. Around the same time two family members dreamt that I died. A pastor friend of mine called me to tell me about a revelation he got about the spirit of death following me.

It was a serious warfare. I had to declare fasting and praying to cancel every plan of the enemy. Every casket that was set up for me was destroyed by the power of God. That was about 10 years ago. Obviously the devil lost and he will continue to lose.

Let me also mention that not every dream indicates warfare. If you go to bed with a negative thought, you may have a negative dream connected with that thought. I'd like to show you how to trace the presence of spiritual warfare in the life of the dreamer.

These dreams listed below reveal the Devil's hand:

1. Sexual encounter in dreams.

This is a very common warfare dream, but since most people find it embarrassing, they usually will not talk about it. There are two spirits the enemy sends against men and women in their dreams. The first is known as Incubus, which is a spirit that sleeps with women in their dreams. The other is Succubus, which is a spirit that sleeps with men in their dreams. These spirits may use the faces of ex-lovers, friends or such.

They may even come as people of same sex. Unless you wake up and wage serious spiritual warfare, one or all of the following may take place in the life of the dreamer:

- Difficulty getting married.
- Difficult marital problems.
- Difficulty getting pregnant.
- Difficulty in the area of finances.

2. Dreams that result in affliction with the spirit of poverty.

There are so many people today suffering serious oppression from the spirit of poverty. Usually people are tipped off in their dreams but because of lack of knowledge, nothing is done until the manifestation takes place. If you find yourself in the following situations in your dream, you need to start praying against the spirit of poverty:

- Possession of counterfeit money.
- Wallet stolen from you.
- Wearing rags, shoes with holes.
- Begging for money, food, etc.
- Loss of cash, wallet, checkbook or paycheck.
- Bank door closing in your face.

3. Nakedness in a dream.

If you find yourself naked in a dream and you frantically look for clothes to cover your nakedness, the enemy is about to bring embarrassment and disgrace into your life. If you find yourself naked in a dream, you need to search your life to see if you are involved in anything that can bring embarrassment and do something about it immediately. If you cannot think of anything, you need to bind every plan of the enemy to embarrass and disgrace you.

4. Removal of hair in the dream.

In women, your hair represents glory. Hence the removal of it in a dream is very significant. You need to pray against your glory being tampered with by the enemy.

5. Dreams that indicate witchcraft activities.

- Being pursued by a mentally deranged person.
- Attacks by dangerous animals.
- Being shot with a gun or arrow in a dream.
- Feeling pressed down on the bed and unable to get up even when awake.
- Bats. These usually indicate that hypocrites are going to be set loose against you.
- Cobwebs and spiders. These and other Halloween favorites point to witchcraft activities. It is not unusual for such dreamers to wake up and literally run into cobwebs all day.

6. Dreams that indicate attack of profitless and confused life.

- Traveling but not reaching your destination.
- Driving in a fog or in a cloud of dust.

7. Dreams that indicate warfare of delay.

- Waiting for a bus, taxi, ship, train, airplane or any mode of transportation that never comes.
- Traveling in a traffic holdup.

8. “Almost there but never there.”

There are people whose life seems to be that just before they get something good, it is snatched from them. Such people are under the attack of what I call, “almost there but never there.” Such people have dreams along these lines:

- Not finishing examinations before time expires.
- Doors closing before they get inside.
- Free gifts finishing before it gets to their turn on the distribution line.

In real life, those who have such dreams will have a hard time attaining their goals and heart's desires. Their lives will be a cycle of disappointments and unfulfilled promises. I have seen those who almost get married but never do, almost get a job but never do, almost pass an examination but fail by one or two points.

Others have had to jump from one business venture to another and from one profession to another. Life for such people is one of stagnancy, frustration and discouragement. It is an attack of the enemy. They need to pay attention to and do something about their dreams.

9. Dreams that indicate attacks against the dreamer's spiritual life.

Generally, these dreams should alert the believer to the fact that the enemy wants to downgrade their spiritual walk.

- Smoking or consuming alcohol in the dream.

- Eating in the dream. This is usually followed by a period of weariness, tiredness and laziness in prayer. Just as physical food weighs down the eater physically, so does this weigh the dreamer down spiritually.
- Drinking and bathing in dirty water. This is nothing but spiritual and even physical poisoning.
- Loss of Bibles.

10. Dreams that indicate loss.

- Having abortion in a dream.
 - Losing blood in a dream.
- Taken to an unfamiliar location and abandoned. These dreams, foretell of loss of intimate friends and good relationships. They have also resulted in loss of favors in the lives of many dreamers.

11. Initiations in dreams.

Many innocent people have slept only to wake up initiated into various demonic societies as a result of dreams they had. Pay particular attention to these dreams:

- Finding yourself in strange meetings eating strange food with strange people.
- Swimming in the water with strange people or strange creatures.
- Getting married to strange husbands in dreams.

12. Contact with the dead.

Many dreamers can find themselves having contacts with their dead relatives, ancestors and friends. I have heard of people who even pray for such dreams.

The living has nothing to do with the dead. The powers of darkness have been known to utilize such dreams to transfer sicknesses and diseases into the life of the dreamer. In many cases, it turns out to be the same sickness that killed the person they dreamt about.

Even more serious, such dreamers have been exposed to familiar spirits through such contacts.

Take for an example the dream a lady related to a deliverance minister. She had had the dream twenty years before. In the dream, she saw a man who resembled her dead father, submerged in the ground. Only his head was above the ground level. She was naturally concerned to see her father in such a state. She went towards him in order to rescue him from his predicament. As she ran towards him, she tripped and fell; her head went into the wide-opened mouth of her father. She succeeded at pulling her head out but her father held on to her hair with his teeth. The struggle continued for a while. It stopped when someone came, wrapped her in white linen, and pulled her out of the mouth of her father. Then she woke up.

How do you classify a dream like that? Obviously it was a bad dream that had nothing to do with the way she spent her day. Therefore she had to be under serious spiritual warfare.

She further told me, “Pastor, from that day, I have had non-stop headaches and dizziness. “I often feel as if someone is pulling my hair. I have been to many doctors to no avail.”

It might be significant to remind you, dear reader that the one she saw in the dream might not have been her father at all. The enemy could have used the face of her father to lure her into getting close to the trap set for her.

The fact that she was wrapped in white linen signifies that she would go to the grave with the problem. But thanks be to God for deliverance. She was prayed for, and the Lord delivered her from the headaches and dizziness.

13. Attack by armed robbers

Such dreams denote the existence of serious obstacles in the life of the dreamer.

14. Road blocks and padlocks

These dreams can contain law enforcement road blocks or trees fallen across a pathway. Such dreams signify blockages in the life's path of the dreamer.

15. Handcuffs

They indicate restrictions in the life of the dreamer.

16. Climbing mountains and hills

Such dreams point to the presence of obstacles and hindrances in the dreamer's life.

17. Automobile breakdown

Such dreams can indicate an attack against your wheel of progress.

18. Theft of wedding dress or wedding ring.

This could mean serious trouble for the marriage.

19. Children crying or screaming out in their sleep.

This should give every caring parent concern. Only God knows the nature of the attack such children might have been subjected to while asleep. The children concerned need to be prayed for.

20. Dreams that indicate warfare against the ministry.

Depending on its content, any of the dreams described above can affect a church or ministry. A pastor described a time when it was very difficult to keep people in a church he pastored. He prayed to know why. Then God gave him a dream which is narrated below:

We were in church one Sunday morning with the church filled to capacity. Suddenly two snakes crawled into the building and confusion broke out. People ran everywhere and many ran out of the building. Those who remained decided to kill the snakes.

Then I woke up. That was a dream to show me why people were not staying in the church. The “old serpent” was the power behind many of the problems that made some leave the church. I had another dream in which a big tree fell inside the church and killed some people. I ran around in the dream wondering whether we had renewed our church insurance or not. Then I woke up. I had no idea what the dream meant, but one thing was clear, it was not a good dream. I had to set aside several days for fasting and praying to deal with whatever the dream meant.

21. Dreams dealing with darkness

Any dream dealing with darkness should be paid attention to.

These dreams that I have mentioned would probably have brought back many memories of dreams to the reader. Please take time to pray against any spiritual attack that had been revealed to you in your dream.

POWER AGAINST DREAM CRIMINALS

Dreaming is a natural way in which the spirit world breaks out into our lives. Dreams can be described as the dark speech of the spirit. They can be keys to unlocking the door to the inner world.

Dreams have been referred to as the speech of the spirit. They are means of revelation. Unfortunately, modern men and women have chosen to either ignore dreams altogether or to fear that an interest in them is lack of civilization. The fact is that if we would listen, dreams can help us find increased spiritual victory and help.

Dreams – Sources of Revelation

Once we have the revelation that dreams can be a key to unlocking the door to the spirit world, we can take some vital steps. First, we can specifically pray inviting God to inform us through our dreams.

Secondly, we should declare war when dreams are used against us and thirdly, we should learn how to interpret dreams.

The best way to discover the meaning of dreams is to ask the Holy Spirit.

It is worthy to note that God promised that He would speak to His people by dreams in the last days.

Acts 2:17 says: "And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams."

Therefore, our dreams need to be studied and analyzed with a view to decoding their messages.

There is no other passage to turn to for a proper understanding of victory over satanic dreams than Matthew 13:25: *"But while men slept, his enemy came*

and sowed...”

Unfortunately, the problems in the lives of most people start with instances of satanic dreams.

DANGER! – People face two types of danger. One, a lot of people are so deep in a spiritual sleep that they never remember what they dreamt about when they wake up. This is the twin danger; when somebody dreams and forgets everything, he stands the danger of missing an important message or ministration from God if He was the one speaking through the dream.

Two, if the enemy is carrying out an evil activity and you forget the dream, you also face the danger of remaining under bondage. If you are fond of forgetting dreams on a regular basis, you have a very serious spiritual problem.

SOURCES OF DREAMS – Every normal person is supposed to sleep. By the time a person is sixty years old he would have spent twenty years sleeping. And since one-third of our lifetime is

spent sleeping, it means that a large percentage of our life is spent dreaming as dreaming occurs during sleep. Dreams can come from God. It can come from man. It can also come from the enemy.

When the dream is from God, the dreamer is left normal, calm, quiet, and reasonable, with an open and clear mind after that dream. Also if it is the Almighty talking to you in the dream, He will give you: assurance, encouragement, comfort, directions, instruction, guidance, exhortation, correction, revelation of the future, revelation of His plans and purposes to you.

If it is from your enemy or Satan, the dream will be mysterious, absurd, sometimes empty, sometimes foolish, and sometimes leaving the person confused and dazed. The dream would be so unreasonable, most of the time it would not make any sense; sometimes it is so mysterious that you wonder what kind of dream it is.

God in His own wisdom has designed dreams for man.

Everything which God has designed for man is for a good purpose. But the problem is that the enemy goes into every good thing and corrupts it. The devil turns anything that should be a friend of man into an enemy.

EVIL DREAMS

- **Drinking dirty water** – it means the enemy wants to poison your spiritual life and reduce your fire.
- **Drowning and crying for help** – the enemy is planning tribulations for you
- **Something keeps obstructing you as you seek to cross from one place to another** – the enemy is trying to hinder your progress.
- **Always eating meat** – you have become a witch participating in witchcraft feeding
- **Always eating, and your mouth is even forced open to take food in the dream** – it means the enemy wants to weaken your spiritual power and plant sickness into your life.
- **Climbing a mountain with difficulty** – it means the enemy is making you toil before you can survive.
- **Being in traffic hold-up** – the enemy is introducing sluggishness into your life, to hinder you from reaching your goals in life.
- **Nursing a strange baby, or milking a strange baby** – the enemy is drinking the milk of your life.
- **Falling into a pit and unable to come out** – the enemy has imprisoned you.
- **Wind and whirlwind fighting against you** – God is trying to tell you that there are troubles ahead to retard your progress.
- **Cap being blown away by the wind** – it means disgrace is on its way for you.
- **Loss of something very important like your shoes or sandals** – marital disturbance is coming.

- Some people would notice that whenever they are about to do anything that would give them a major breakthrough, a particular dream would occur and when they have this dream, that is the end of the breakthrough.

The list is almost endless. The Bible talks about ‘depths of Satan’. The devil has many mysterious ways of afflicting people.

WAY OUT

(A) One, you must give your life to Christ and experience the new birth. When you take this step, you will experience a major lift from the level of defeat to the level of dominion. The Bible says:

Who hath delivered us from the power of darkness, and hath translated us into the Kingdom of His dear Son: In whom we have redemption through His Blood, even the forgiveness of sins (Colossians 1:13,14).

(B) Complete dedication and consecration of your life to the Lord. This means yielding everything about your life to the Lord, totally. Once this is done, the enemy cannot be with you.

(C) You must not be a satanic broadcasting station. Who are satanic broadcasters? They are the gossips. Men and women who lifted mountains for God were those who learned to be quiet; they were not talkative. Someone who is talkative cannot become a prophet.

(D) You must pray for the anointing of the Holy Spirit to fall upon you. When this power falls upon you, things will change. The kind of Holy Ghost baptisms that people receive these days that sends things running after them needs to be checked.

(E) You must pray anti-dream attack prayers that will barricade your dreams by fire so that you do not start dreaming about what you should not.

(F) Learn the principle of spiritual warfare.

(G) You must be completely holy. Your level of holiness will determine how far the enemy will go in your life.
